Case Opened Against the Boer on Parole.

CANADA ANDTHE TREATY

Hopes That British Generosity May be Reciprocated in Our Controversies - Afghanistan Outlook Penceful.

(Special Cable Despatches to The Globe.) London, Oct. 9, 6 a.m.—(Special.)-Lord Roberts' speech at Liverpool yesterday on the war is in sharp contrast with the statement as to its termination which marked the close of his command in South Africa. His assurance that everything possible is being done to bring hostilities to a rapid conclusion does not completely allay pub-Mr. William Birkett, G.T.R. conduc- lic anxiety and irritation. The Commander-in-Chief's declaration that Lord Kitchener has never made one single demand for men, horses or stores that has not been immediately complied with is regarded as satisfactory, but when he asks the British peocific, was killed in the yards at Bran- ple to exhibit as much patience to-day as they did a year ago he expects too

Lord Balfour's Speech.

Still Lord Roberts' speech is more to the purpose than that of Lord Balfour N.S., a Jew doing business there was of Burleigh, which illustrates a peculmurdered by being shot through the jar view of the Ministerial position. Lord Balfour says it is no use holding; Cabinet Councils. The affair is purely a military one, and the Government can do no good by interfering. Miss Stone's Ransom.

People here are relieved to learn that subscribed to enable the American Le-Abraham P. Brant and his wife, In- gation in Constantinople to negotiate with the brigands who hold Miss Stone for ransom. The case is regarded as likely enough to lead Governments to Dr. Seward Webb of the New York discourage missionary work. I.N.F.

treaty.

Dr. Krause's Trial.

An important chapter of the secret

history of the war was revealed in Bow

street, where the prosecutor's speech

against Dr. Krause implicated him in

conducting, over assumed names, cor-

respondence with Drs. Leyds and

London, Oct. 9, 1 a.m.-(Special.)-The mystery enveloping the death of the Ameer, Abdulrahman, has not been dispelled. There are few, if any, Europeans at Cabul, and press despatches are meagre. The peaceful succession to of the Ameer's chosen heir. Habiboullah ed for by all English writers. He had been trained for the work by his father, and was in possession of the authentic information, there is a tone of confidence at the India Office, which indicates private advices from Lord Curzon that neither a revolutionary Observatory's readings of the thermometer and outbreak nor a change of policy is to be Sooner or later Habiboullah wifi be called upon to show his mettle in discrelining rivals and gripping the tribes together, but, unless important news from Cabul has been suppressed, there is no immediate danger that a weak Government, dependent upon Russia, will be substituted for the independent Afghanistan which has remained a strong defence for India.

An Indian Official's Opinion. One of the officials of the India Office remarked yesterday that the new South and southwest winds; moderately warm Ameer was known to be the strongest Ottawa Valley and Upper St. Lawrence-South and most capable successor, Britain's and southwest winds; moderately warm weath- friend and ally, and that his father had Lower St. Lawrence and Gulf-Southwesterly done everything to secure for him the undisputed succession. The change of reign, he added, occurred, in one respect, at an unfortunate time, since should arise, Afghan affairs were likely. press. painted through these regions for seven summers, and he is assured that he can scarcely remember a week of more perfect atmospheric conditions than have prevailed during the past week; and we hardly needed to be assured of it, for it was easily apparent that we had called upon the genius of the mountains when he had hung out his most gorgeous tapestries, his richest carpets, his rarest brio-a-Train Passed Rat brac, his most masterly exteriors and interiors. Autumn, the daringly heterodox colorist, was abroad in all the land. The birches and aspens in their yellows, and maples in their reds, were fastened like rather florid neckties on the spruce green tresses of the mountains. The first breath of winter had whitened peaks that are not eternally white, and those that are had received a fresh fall, that made their radiance, contrasted against the blue of the skies, almost painful to the eye. One peak, which was suspected of being Mount Hermit, and its chaste purity entirely supported the suspicion, presented a spectacle which those who beheld it will not soon forget. Its cone was seen between the cleft of two nearer snowless peaks, immaculate, perfect, incapable of staining even that white radiance which the poet tells us is the characteristic of eternity. tions on a Large Scale-To Visit There it towered, pearl of absolute purity, amid its broader brothers. If we could have seen all of it the charm would have been destroyed, for then we would have seen the feet of clay of this white soul among the hills.
